

2016 Subsidy Application Checklist

To determine if you are eligible for free government assistance to help pay for health insurance, you must apply through the subsidy enrollment link on our website.

Use the checklist below to help you gather what you need to apply for premium assistance.

Reminder:

In order to be eligible for a subsidy your tax household's 2016 estimated income must be between 100%-400% of the FPL as shown in the chart below.

2015 – 2016 Federal Poverty Level Guidelines

Tax Filing Status # exemptions claimed on 1040 (# of people in tax household)	100% Minimum Income	400% Maximum Income
1	\$11,770	\$47,080
2	15,930	63,720
3	20,090	80,360
4	24,250	97,000
5	28,410	113,640

To apply for a subsidy to help pay for health insurance the following information will be needed:

- Your best estimate of your 2016 household income
- Social Security Numbers (or document numbers for legal immigrants) for all household members
- Employer and income for every household member (including Employer Name and Phone #)

Calculate your free government assistance, apply, and enroll in a health insurance plan now on our federally certified [subsidy enrollment website](#).
